

Diversity Forum

Employment and Retention of Indigenous Australians

Thursday 3 December 2009

Join us for the opportunity to hear about good practice strategies public sector agencies have in place to increase workforce representation of Indigenous Australians. These strategies will also feature personal journeys from individuals employed through the strategies. With valuable information provided on current initiatives, you will be able to identify whether similar strategies can be adopted into your own organisation to improve employment outcomes for this diversity group.

The primary audience for this is HR Practitioners who are involved in attracting and retaining Indigenous employees for their organisations, however, anyone with an interest in creating a diverse workforce is more than welcome to attend.

EVENT DETAILS

| | |
